

Summer Science

Howl, prowl and splash!

This half-term throughout the school we are exploring and investigating living creatures- mainly those found in rain forests and those found on our beaches and in our seas.

While we don't ask you to take your child to New Guinea or the Amazon, you could discover more about rainforest plants and animals by visiting

The Living Rainforest, near Newbury (www.livingrainforest.org)

Kew Gardens (www.kew.org/)

RHS Wisley (www.rhs.org.uk/gardens/wisley)

Marwell Zoo (www.marwell.org.uk/)

or finding out some interesting facts by checking out these websites

<http://www.bbc.co.uk/education/subjects/z6svr82> (clips about plants and animals)

www.rainforest-alliance.org/kids

www.kids.mongabay.com

If you want to find out more about the wonderful variety of shore and sea life, you could visit

The seaside

The London Aquarium (www.visitsealife.com/london/)

Blue Reef, Portsmouth (www.blureefaquarium.co.uk/portsmouth/)

Underwater world at Birdworld (www.birdworld.co.uk)

Badshot Lea Aquatics at Badshot Lea Garden centre (www.squiresgardencentres.co.uk/garden-centre/badshot-lea/)

The Natural History Museum- they have an exhibition 'Coral reefs- Secret Cities of the Sea' (www.nhm.ac.uk)

There are also some good websites with information and games
